

BIG PRIMARY VOTE IS FORECAST

O'Daniel Victory is Forecast By Poll

W. Lee O'Daniel, colorful campaigner and long a favorite radio entertainer, had two strikes on the professional politicians and was poised for the final fling that may take him to the governorship of Texas.

Whether the Fort Worth business man who now looms large on the political horizon of Texas, would be able to dust off the batter with the

old fast one, remains to be seen. This much was certain: O'Daniel's place in the run off is secure and that by a commanding lead over the field.

A starv poll analysis indicated, strongly that he might be able to win a first primary victory and thus establish a precedent in strongly contested races for the highest office within the gift of the people of Texas. Percentage calculations based on a 200,000 straw vote, gives him 37 per cent of the total, or almost 400,000 votes out of a possible million.

The poll taken in cities of less than 100,000 population does not take into consideration the rural vote of Texas, conceded to be overwhelmingly for O'Daniel. The urban vote will be a factor as the toll is taken on election day in the large centers of population, but astute political observers were quick to point out that Texas' folks still live in the country and so looms the prospect of an O'Daniel victory in the first primary.

William McCraw, attorney general, found the Irish campaigner a tough old porcupine and is now on the side lines, licking his wounds. The fire of the McCraw attack had

(Turn to Page 10)

These Upraised Hands Will Mark O'Daniel Ballots

Here's a Texas poll tax salute! When W. Lee O'Daniel, candidate for Governor, asked citizens of San Marcos as to who had poll taxes and who would vote for him, the result was a veritable sea of upraised hands. The San Marcos rally attracted 28,000 people to Riverside Park there. The meeting is typical of the present O'Daniel rallies.

CAMERON IS PROUD OF HER RURAL PUPILS

By E. A. PERRIN

Cameron school authorities, Board members, superintendent, faculty and citizenship are proud of contributing a part towards the high school education of our neighboring schools.

We fully recognize that while the Cameron High School is a Cameron undertaking, it is also the high school of the twenty-seven neighboring districts which sent 208 pupils to us last year.

Fifty-five of the ninety-five graduates of the high school this year were from the neighboring rural schools. This is fifteen more than from Cameron proper.

This year when school opens, the same twenty-seven schools will send to Cameron a new crop of about one hundred and twenty-five pupils, who have never before attended the Yoe High School. These pupils are in addition to the approximate one hundred who were in school last year and will return.

We of Cameron take great pride in having these boys and girls come to Cameron each year for their high school education.

The Cameron citizenship has shown its pride and pleasure in these children.

(Turn to page 5)

NO EXEMPTIONS REQUIRED OF VOTERS

A recent rule by the Attorney General of Texas is of interest to voters who will cast their ballots on Saturday, July 23.

No exemption certificates of any kind are required in Milam County. This means that voters not required to pay poll taxes may vote without exemption receipts as none are required in counties of this population.

The only requirement is that a voter sign an affidavit before the election judge certifying as to his age.

Due to previous publication stating that exemptions would be required the Herald is glad to present information for the benefit of the voters who should now remember that no exemptions of any kind are necessary.

Those who became twenty-one years of age since the first of January 1937 and those who became twenty-one prior to the election may vote in their respective precincts without exemption receipts.

Buckholts School Is Found Safe

The Buckholts school building was recently inspected for structural deficiencies by Harry L. Spicer, Structural engineer of Waco. The school building was found to be safe in every way.

Plans are now going forward for improvement to be made on the building and school grounds. When completed the school will be modern in every detail.

In The Run Off

ERNEST THOMPSON

POWER SYSTEM GRANT DROPPED

Because the city administrations is certain a \$2,500,000 bond issue would be defeated by the voters of San Antonio, Mayor C. K. Quin Wednesday stated it is necessary to drop further negotiations for a municipal power system, although the government Tuesday granted a \$2,770,000 loan for the purpose.

The federal grant is 45 per cent of the amount required for the municipal system which would cost the taxpayers \$6,137,300 and would yield no returns for many years, city officials said when informed the Public Works Administration, after two years of consideration, finally made the allocation.

Mayor Quin said he made the application for the grant more than two years ago, but since that time power rates have been reduced locally and that he did not believe the proposed plan would be profitable. He explained that the municipality was curtailing expenditures and he did not believe the public would favor an indebtedness of another \$6,137,300. The mayor pointed out that authorities say the city would not receive any profits from the project for more than 20 years and then there would be a possibility of it being a financial loss.

STATUE OF MILAM DEDICATED SUNDAY

Texas history was on parade here Sunday afternoon when dedication ceremonies were held for the bronze statue of Benjamin R. Milam on the court house lawn.

The inspirational address for the occasion was given by Judge Graham Gillis who reviewed the life of Ben Milam, stating that to more than any other man in the Texas revolution, he was due the credit for the succession of events that led to Texas independence. His encouragement by his bold action at San Antonio gave heart to the small Texas army.

(Turn to Page 4)

W. Lee O'Daniel Certain of Victory In Milam County

On the eve of the Texas primary election to be held Saturday, Milam County was safe in the W. Lee O'Daniel column for governor.

In more than twenty-five voting precincts he is certain of a large majority and in all but a few of the remaining precincts his plurality will be commanding.

Cited as nothing less than revolutionary the campaign of the Fort Worth business man who brought hillbilly music and its soothing melody for the first time into a state campaign has accomplished the unbelievable. O'Daniel has pushed aside all normal Political leadership and is walking away with Milam County. Entrenched in the esteem of thousands of the people he upsets the best of well laid plans and has given William McCraw a position of had third or fourth in the county, with Tom Hunter stringing along for possible third place and Ernest Thompson in second position.

On the eve of the election, these predictions seem correct although correctly interpreting the results of an election is uncertain at any time.

Voters Should Scratch Name of Candidate Who Withdrew From Race

Although the name of C. E. Terry will appear on the primary election ballot, as a candidate for County Surveyor, he has withdrawn from the race. Votes cast for Mr. Terry probably will not be counted. Due to the fact that Mr. Terry did not officially notify the executive committee of his withdrawal from the race, the committee was without notice to act in notifying the election managers not to count the votes cast for him.

Leroy H. Hillyer present county surveyor is a candidate for re-election and voters of the county are requested to take notice of the unusual situation in this respect. Legally the name of Mr. Terry is on the ballot but under the circumstances the best procedure is for the voter to scratch his name. Mr. Terry will understand this result for he has withdrawn from the race and given notice in the newspapers.

A vote cast for Mr. Terry will be counted and as the situation appears, voters hold the remedy for this unusual condition. They are called upon to scratch a name off the ticket of one who has already withdrawn from the race.

Friends are congratulating Mr. and Mrs. J. W. Richards on the arrival in their home of a baby boy who has been named Johnny Hubert Richards. He weighed 16 pounds and was born on July 15 at noon at their home located at 303 East Thirteenth St.

Mr. Richards is with the Cameron Rubber Company, a new industry in Cameron. His new son, who set something like a record for weight and development, will soon be able to assist his father in the sale of Pennsylvania tires.

COUNTY VOTERS READY FOR BALLOT FEST

Indications late Thursday forecast a record vote in Milam County on Saturday, July 23.

The polls will open at eight o'clock Saturday morning and close at seven o'clock in the evening. Election supplies have been delivered to every voting precinct and all is in readiness for the balloting Saturday morning.

Interest in the campaign centers in the Sheriff's race, State Senator and Governor's race. A number of county officials are running without opposition.

Judd G. Davis, chairman of the Democratic Executive Committee has made preparations to announce returns from the court house as quickly as they are received and tabulated. Election managers are requested to phone Mr. Davis as soon as the count has been completed at their boxes.

The ticket for state offices is unusually long this year, the county ticket being shorter because there is no opposition in a number of the places.

The special senatorial election with three candidates is a separate ballot. The expense of the election is being partly paid by the county in cooperation with the primary committee. No exemptions of any kind are required in Milam County and this should increase the votes materially. Poll tax payments are several hundred short of two years ago.

DELEGATION SEES HOUSTON FLOUR MILL

Seeing for the first time one of the largest flour and feed mills in the South, eighteen citizens of Milam County upon their return from Houston Friday, expressed the feeling that they had spent the most profitable day of their lifetime and were praising Alvin Matula and F. C. Matula of the Matula Cash Grocery for the courtesy extended.

Joe W. Vanek of East Bernard, special representative of the Houston Milling Company arranged the tour for these local citizens. Four automobiles left the Matula store at six a. m. Friday, the first stop being in Bryan for breakfast. The caravan then moved swiftly to the Texas metropolis, where at nine a. m. they began a tour of the mill. L. E. Church, production manager of the mill conducted the tour. The delegation saw for the first time modern methods used in the production of feed for poultry and livestock. Feed in this mill is sold by Matula's Grocery in Cameron and farmers have

(Turn to page 4)

BAPTIST ENCAMPMENT BEGINS JULY 31ST

The Milam County Annual Baptist encampment will open July 31 in Wilson Leibetter Park Cameron. The program will continue to August 5 with exercises each day and sermons at night.

The encampment will feature the first anniversary of the Milam County Association of the young people's counsel. The program includes many features for young people and there will also be work for B. T. U. classes and for teachers.

Sunday School work will be featured by an address each day and WMU classes will enlist a number of women leaders in the churches over the county. There will be preaching each morning and the speakers include a number of prominent ministers from over Central Texas.

Speakers for evening services include such leaders as Dr. G. G. Singleton, President of Baylor College at Belton and Dr. M. E. Davis of Howard Payne College. A religious play will be directed by Miss Ida Byrd Mayfield. Rev. Vernon G. Miles, pastor of the Baptist Church of Cameron, said the program would be an ambitious schedule for extending Baptist work in all phases of church life in the county. Those who desire may camp on the grounds.

FINAL RALLY ON COURT HOUSE LAWN

Chairman Judd Davis of the Democratic Executive Committee announced today that the final political rally for Milam County will be held on the court house lawn at Cameron.

Two years ago the rally was held on the athletic field. Mr. Davis said the rally would be held on the court house lawn for the benefit of the merchants and for the convenience of the people living close to the business section.

The rally on Friday night beginning at eight o'clock will end the campaign for the first primary for 1938.

WALTER B. SMITH SEEKS LEGISLATURE POSITION

Walter B. Smith, candidate for representative from Milam county presents the following message to the voters:

In announcing my candidacy for representative from the 64th district, I am the first in the history of my family to ask for a public office. I have for the past several years, however, been vitally interested in this line of work and have studied it intensely. Beginning with the first called session of the 44th Legislature, I have served as assistant Sergeant

(Turn to page 10)

'The Herald's Way'

Recently a sharp turn in political affairs in Texas became evident. Some are slow to see it, but it is here.

The Herald proceeded as usual to print the news. A few of the "orthodox" political thinkers frowned on the course of action. "Our candidate" should have received exclusive attention.

"You print the news," said a chorus of voices, "and we like your paper whether we agree or not."

Any newspaper that permits the personal views of its publisher to color its columns, lacks the standards the profession has always revered.

Any given section of our citizens, regardless of their political or religious affiliations, will always find co-operation hanging to the latch string at the Herald. Use it! Know the value of a newspaper that dares to print the news.

Misses Marie and Vera Ford spent the day with Mrs. Pearl Hopper and went to Cameron Sunday afternoon to the unveiling.

Mrs. Leroy Ward and Mrs. Joe Ford visited Mrs. George Ward Sunday afternoon.

Messrs. Kinard Griffin, Ray Russell and Elvis Lott have returned from a trip to Corpus Christi.

Miss Kathryn Terry who is employed at the Lalla Meyers Beauty Shop is spending her vacation at her home here.

Mr. and Mrs. Fred Hodges and daughter Jane of Burlington attended church here Sunday and visited with old friends in the afternoon.

A revival meeting is in progress at the Baptist church. There has been good attendance. Visitors are both welcome and invited. Rev. W. R. Underwood of Bartlett is the visiting preacher.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE

Notice is Hereby Given that by virtue of an order of sale issued by the Clerk of the District Court of Dallas County, Texas, on the 27th day of June, 1938, in a certain cause wherein Alliance Life Insurance Company, a corporation, is plaintiff, and Rosa Gickhorn, Charles Gickhorn, John Gickhorn, Olga Drumeles, Cardes Drumeles and William D. Green are defendants, No. 33293-D, plaintiff recovered judgment against the defendant Rosa Gickhorn for the sum of \$3,757.05, with interest thereon from May 10, 1938, at the rate of 10 per cent per annum, and costs of suit, which judgment was rendered on May 10, 1938, in the District Court of Dallas County, for the 95th Judicial District of Texas, I have levied upon and will, on the first Tuesday in August, 1938, same being the 2nd day of said month, at the Court House door in the City of Cameron, Milam County, Texas between the hours of ten o'clock A. M., and four o'clock P. M., proceed to sell to the highest bidder for cash all the right, title and interest of said defendants, or any of them, in and to the following described real estate, levied upon on July 1, 1938, as the property of said defendants, to-wit:

Situated in the County of Milam, State of Texas, being 107 1-2 acres of land out of the Justo Liendo Four League Survey, located four miles Northeast from Thorndale, Texas, and eighteen miles Southwest from Cameron, Texas, generally known as the Rosa Gickhorn Farm, and being the same land fully described in a deed of trust from Rosa Gickhorn, a widow, to JoZach Miller III, Trustee, dated April 10, 1924, and recorded in Volume 53, Page 605, of the Deed of Trust Records of Milam County, Texas.

The above sale will be made by me to satisfy the above described judgment, and the proceeds thereof will be applied to the satisfaction of said judgment.

R. M. KENNEDY,
Sheriff of Milam County, Texas.

and laid the foundation for the successful leadership of General Sam Houston that culminated in victory at San Jacinto.

More than three thousand people packed the east lawn of the court house for the program. The Yoe High School band under the leadership of Francis Cox, gave the music for the program. Seated on the platform were a large number of prominent state officials, relatives of Ben Milam and other distinguished guests. The speaking program was opened by Walter Woodul, lieutenant governor of Texas. He spoke on the Texas Centennial. Rev. Maurice Grove of the First Christian Church gave the invocation. Roy Law, using a special broadcasting system furnished free by Zeke Brod, called the meeting to order.

The address by Mr. Woodul was followed by a historical sketch of Milam County by Mrs. Mary Lake Culpepper. The paper was one of the most comprehensive accounts ever read on the part Milam County played in the history of Texas. She is the daughter of the late T. S. Henderson who was a moving spirit of the Texas Centennial observance.

Coke Stevenson was unable to attend the celebration. L. W. Kemp, noted Texas historian, and brother of Jeff T. Kemp, was introduced along with other guests.

Roy Law, in a brief address presented the statue on behalf of the committee to the Commissioners Court, members of which sat on the platform. Judge Jeff T. Kemp in a speech of acceptance, thanked the committee and pledged the co-operation of himself and court and their successors to safeguard and to cherish this fine monument to the hero of the Texas Revolution.

Rev. J. Coy Williams, pastor of the First Methodist Church, pronounced the benediction.

The unveiling ceremony was held immediately following the speaking program, when Miss Mary Frances White, grand niece of Ben R. Milam released the cover from the life size bronze by Bryant Baker of New York. As the statue was unveiled thousands of people staged a cheering demonstration in full appreciation of the work which has challenged the admiration of sculptors throughout the world.

Seated on the platform were J. B. White, Editor and Publisher of the Cameron Herald, a grand nephew of Ben R. Milam, and his two sons Thomas Jefferson White and Joe Bill White, grand nephews of Milam. Mrs. Gladys Watson of the Community Public Service Company decorated the platform with the flags of Texas history.

Among those seated on the platform was T. G. Sampson, oldest living resident of Cameron. The Knights of Columbus was represented by John C. Andres and Bill Richter, while Ray O'Neil represented the Band Parents Association. J. D. Baskin was invited to the platform to represent the American Legion. The D. A. R. was represented by Mrs. Pearl Clement of Cameron.

Guy T. Newton, County Superintendent, was on the platform as chairman on the committee of arrangements. Mrs. C. M. Sessions of Rockdale was chairman of the committee on platform courtesy and was responsible for the large delegation of witnesses the dedication ceremonies.

Delegation

(Continued from page 1)

found it to be of superior quality in production of livestock for the market as well as for poultry and egg production. The feed mill is a new unit and is one of the largest in the United States. Nearby is the ship channel where ships dock for exporting wheat and corn. The Houston Milling Company buys all Texas corn available for the market. It required more than three hours to go through the feed mill and the flour mill.

American Maid flour is produced under the most modern conditions known to the world. Each member of the delegation was presented with a sack of American Maid flour. The Houston Milling Company is a Texas corporation with a capital stock of \$1,700,000. It began operation in 1920 and the capacity of the flour mill is 3300 barrels per day.

Erick B. Reimer is the grain expert for the mill and was formerly with the Continental Grain Company. Henry H. Cate is president and General Manager. The delegation also met L. E. Twillinger who has been with the mill for 16 years as Secretary and Treasurer.

At noon the Milam County citizens were guests at luncheon, served in a cafeteria owned and operated by the mill.

In the afternoon, in company with Mr. Vaneck, the men went to the San Jacinto battle ground where they saw for the first time the great monument erected during the centennial year. The following made the tour: Alvin Matula, Felix Matula, J. B. White, Frank Griffin, Henry Pilling, Joe Ford, C. G. Colburn, John Gurecky, Emil Roesler, Adolph Roesler, Fred Folschinsky, U. P. Smith, G. H. Beckhusen, Cecil Zarosky, Frank Zarosky, Robert Folschinsky, A. H. Jungman, Jerry Matl and Joe W. Vaneck.

HOPE LUTHERAN CHURCH

Buckholts, Texas, A. E. Flathmann,
Pastor, Telephone 14.

Sunday, July 24th, Bible School,
(always English) 9: a. m. Classes
for all age groups; come.

Special Notice—All members are
asked to bring all Sunday School
books now in the various homes to
church next Sunday, please.

"Blessed are they that hear the
Word of God and keep it."

Thing It Over!

Not merely hearing, but hearing
and keeping, or living the Word of
God will bring blessedness, Christ
says. Hearing alone is insufficient;

yet it is necessary to hear and learn
the Word, in order to be able to live
it. Those who say, We don't need to
learn God's Word, are mistaken. In
order to live as God's children we
must needs hear His Word, which
teaches us what His children shall do.
This is the clear statement of Christ;
and if we are Christians, we will fol-
low His Word.

Our church welcomes you always.

Mrs. Oxsheer Smith left Tuesday
for Gardiner, Main, to spend the sum-
mer with her mother, Mrs. Charles
F. Swift. Mrs. Smith enjoys this
annual trip each year.

Local Florists
Get Recognition at
State Convention

Mr. and Mrs. Lester Glass returned last week from Waco where they attended the State Florist's Convention. It was the twenty-fifth anniversary of the Texas Association which is the largest in the United States.
More than twenty states were represented with six hundred delegates registered for the convention.
Recognition came to Mrs. Glass as one of the state's best designers, when she was selected by Willard Crane of Cincinnati to assist in demonstration work on the stage in the contest conducted to show delegates the latest developments in making floral designs. Mrs. Glass was one of two designers selected to assist Mr. Crane. The other design-

er was from Oklahoma. Mrs. Glass made the corsages for the style show.
Mr. and Mrs. Glass hope to attend the National Convention of Florists which meets in the far west within the next few weeks.
L. W. Kemp, wife and sister Mrs. Milton Tucker and Mrs. George Byron of Houston were here Sunday for the exercises of the unveiling of the Ben Milam monument. Mr. Kemp and sister formerly lived here.

Monument to
German Pioneers
To Be Dedicated
At New Braunfels

Citizens of Milam County will be interested to know that on August 21, at New Braunfels the city will dedicate a monument to German pioneers of Texas.
The city of New Braunfels-on-the-Lahn in Germany is invited to the unveiling. The first colony of German settlers in America came from Braunfels in the mother country.
German citizens of Milam County in large numbers are expected to attend this history making event in New Braunfels. Newspapers have already published photos of the monument which is to commemorate the great German pioneers who came to America and witnessed its development.

Rural Pupils
(Continued from page 1)
dren through bonding themselves to build one of the most modern plants available. The cost and upkeep of these buildings is borne entirely by the people in the incorporate limits of the city.
The teachers who instruct in the Yoe High School are the best available. They are all college majors in their own field of instruction.
Yoe High School has a library which is far above the average. The Board has purchased two thousand dollars worth of books in the last 4 years.
The opportunities of the high school are shared equally and alike between the home town pupils and

the pupils of our neighboring districts.
The cost of the teachers, the heat, water, light, telephone, library service, insurance and janitor's supplies are borne jointly by the Cameron and rural districts.
One-half the cost of the Yoe High School may be attributed to the rural pupils who attend our school, as they make up fully one-half the membership of the high school. However, these rural schools do not pay quite one-half the cost of the high school. The actual cost of carrying the high school this year was \$31,394.45. The Cameron Schools received from each of the 208 pupils \$22 transfer money and \$41.25 tuition, or a total of \$13,104. This is slightly less than one-half the cost of the Cameron high school, though fully one-half our pupils come from the rural schools.
Cameron is pleased to make up this difference and feels that it is to the mutual benefit of Cameron and the Rural schools alike that we can co-operate in the common undertaking for the benefit of all our children. Cameron also feels that both parties are enabled to have a better school program than otherwise and that if the rural schools undertook to supply their high school in their own district, the cost would exceed what it

GOOD RELIEF
of const'pation by a
GOOD LAXATIVE

Many folks get such refreshing relief by taking Black-Draught for constipation that they prefer it to other laxatives and urge their friends to try it. Black-Draught is made of the leaves and roots of plants. It does not disturb digestion but stimulates the lower bowel so that constipation is relieved.

JOE A.
SLAVIK

Candidate for
REPRESENTATIVE
64th District
MILAM COUNTY

Elect a Farmer and Business Man to represent you in the Legislative Halls of Texas.

Your Vote and support will be Greatly Appreciated.

In Five Years
He'll Own His
Own Shop . . .
We Know!

HE'S SAVING FOR THE FUTURE

This cheery young chap is an example of what "to save and advance" stands for. At twelve he was delivering groceries, during high school he worked after school and on Saturdays, when he graduated he became the boss' best selling clerk. During all these steps of advancement he has saved to reach his goal . . . to own his own store!
In five years he will own his own store . . . but will you have reached your goal? Will you have the home you've been planning on, or whatever else you've always wanted? You most likely will if you've saved a certain amount each week or month. However, if you haven't saved it's never too late to start. We welcome small or large accounts and investments alike.

FARM CLUB NEWS

Dorothy Porter,
County Home Mem. Agent,
Milam County:

Eight Milam County Home Demonstration club women will attend the adult section of the Annual Short Course to be held at College Station July 13, 14 and 15.

Three of these are the delegates to the annual meeting of the Texas Home Demonstration Association: Mrs. S. S. Hickman, Jones Prairie; Mrs. Kay Moore, West Milam and Mrs. Edward Senkel, Bryant Station.

The Ad Hall club is sending Mrs. Adolph Hanel, the Bethlehem club is sending Mrs. W. T. Cooper and the Bryant Station Club is sending Mrs. L. A. Abel. The Council is sending its chairman, Mrs. H. L. Colbert.

Mrs. L. L. Bradley of Bethlehem who has always gone in an official capacity, is going on her own this year to enjoy the lectures and demonstrations she has heretofore been too busy to attend.

Most of the members of three clubs, Tracy, Duncan and Lilac will go down for one day.

Features of this year's program are consumer problems, group recreation, youth panels and electrical problems of the rural home.

Outstanding Short Course speakers are C. W. Warburton, Washington, D. C., Director of Extension for the whole country; H. H. Williamson, Director of Texas Extension Service; Hon. Harry Brown, Assistant Secretary of Agriculture; President T. O. Walton of A & M College; Vice Director, Mildred Horton of Texas Extension Service; Mrs. Virginia Sharborough, University of Texas; Miss Barbara Va Heulen, Family Credit Section of the F. C. A. and many other outstanding in the fields they represent.

Ada Mae Hinman,
Ass't Home Dem. Agent,
Milam County:

"To be successful with poultry, you have to depend on more than mere luck. Success comes with 'knowing how' and working," said Kathryn Cunningham when she and Johnnie Ruth Ruzicka appeared on the Short Course Program at A & M. These girls gave an 8 minute number in the form of a skit on "Secrets of Managing Poultry." During the Short Course, they presented the number to 3 different groups.

The outstanding points in the skit on raising chickens were summed up as follows:

Select good stock.
House properly.
Use correct equipment.
And follow a strict sanitation program.

Johnnie Ruth and Kathryn were well prepared to talk on this subject as both have done poultry work this year and have good records, high standard chickens, and a great deal of experience.

Milam County was represented at

the Short Course also by LaRita Heath of Milano, Theresa Andele of Cameron, Marie Ruzicka of Ad Hall and Bobbie Lou Henderson of Ben Arnold.

Mrs. L. J. Boatright of Curry was the sponsor selected to chaperon the girls at the Short Course.

Mrs. Edward Senkel,
Bryant Station Home Dem Club,
Milam County,
Rogers, Texas:

SAFE WATER IN AND OUT

By W. D. Bellamy

In order to have beautiful yards our water supply should be located properly. Proper sewerage disposal, proper garbage disposal, and good plumbing are the things that protect the beauty of our homes, health and sanitary conditions. One of the speakers was called out of town because of seven cases of typhoid, due to poor plumbing. If we have safe water we will have to protect our water supply. In protecting our water supply, all contaminating agencies, such as out houses, privy, barn, etc., should be at least one hundred and fifty feet from all water supply. If a cistern is our water supply, all rain water should be filtered before it reaches our drinking water. In order to purify such water add one teaspoon of chlorinated lime to each five hundred gallons of water. If in doubt as to whether the water is safe, the County Health Department should be contacted, and the water tested by one who knows how to do it.

If a well supplies our water it should be well covered in order to keep all kinds of dirt from entering the well. The well should be located on a high surface. A rope and bucket

should never be used to draw water, because the rope comes in contact with too much dirt and bacteria and they soon get into the water. A self priming pump is the best way to get the water from the well.

Longfellow was one of the first men to have indoor toilet. Since that time much improvement has been done. The septic tank is the best means of disposing our waste. At the present, toilet and bath fixtures can be bought for seventy-one dollars. A septic tank, to accommodate five persons, for seventy-two dollars. Complete equipment for two hundred dollars. This investment is truly worth the money.

Mrs. Kay Moore,
Rogers, Texas, Rt. 2.
West Milam Home Dem. Club:

INTERPRETATION OF STYLE

"Wear clothes that fit the occasion and in harmony with your surroundings" says Jane Allen, stylist from Chicago Mail Order house, speaking at A & M Short Course.

Personality depends on your voice, eyes and appearance, posture and mannerisms. Be sure to keep your chin up—moderate your voice for the occasion—eyes are the windows of your soul so give forth what is and has been within.

The styles for this fall will be varied. Waist lines are coming down as well as skirts. Skirts will be 14 to 14 1-2 inches from the floor—depending on your size and height.

Be sure to have at least three colors. Contrasting panels set in, in contrasting colors are very good and will come in handy for remodeling old dresses. Yokes will also be used in contrasting colors. Plum,

rust or green is especially good with black.

The leading colors in coats will be green, roseberry, green and black. The style will be box and swagger with materials of fur and fur fabrics also oat meal beige coats with red or blum hat, shoes and bag and green coat with wine shoes and bag. Rough boucle's is also good material for coats. Velvetine flowers to match bag and shoes can be worn also small clips or small bunches of flowers on each lapel of your coat suit. The manish coat suits are here to stay so they say.

Big hats and tall crowns will be worn. A lovely autumn style is large pink hat with black veil over crown and run down through brim with huge bow under chin. Veils and feathers will be good. Also in contrast will be what they call doll hats and they are really doll hats.

Shoes are colored and match the darker shade of color in dress or match your coat.

No colored hose save the black heel will still be in style.

Mrs. W. T. Cooper,
Bethlehem Home Dem. Club,
Rockdale, Texas, Rt. 3:

YOUTH PANEL

The problems of the youth of today are vital and cannot be neglected or ignored. These problems must be solved by the parents, working in co-operation with the boys and girls through the church, the school and the home. The responsibility may be made pleasant and educational. Activities should be planned to keep these young folks who are unemployed busy.

Home training is also necessary to

the youths of today.

Education of the youth of today is very necessary, so why not work for the Texas Community library, for the benefit of the finished high school youth and also the unfinished ones.

The sex instinct of youth is very very dangerous, so we must guard against this by education in this problem for the youth, and better home training. This is another use of the Texas community library. We need wise leadership in guidance for the youth.

Misses Irma and Florence Dunnington of Rockdale were among the many from Rockdale to attend the exercises of the unveiling of Ben Milam statue Sunday afternoon.

Mr. and Mrs. M. G. Cox and Miss Mildred Thornton left last week for an extended visit to Virginia and other eastern states, and expect to also visit in Florida while away, returning by the Carolinas.

Dan Legacy who spent the winter here with relatives, left last week for Chicago where he will attend the Golden Wedding anniversary of a sister before returning to his home in Coeur d'Alene, Idaho.

Misses Mary Lou and Fay Jones who have been spending several weeks here with their aunt, Mrs. Sam Hefley, accompanied their mother, Mrs. J. C. Jones home to Houston Friday.

John Dollins

Farmer and Business Man Will Make You A GOOD SENATOR

What does the farm boy know about our changing farm problems, or the town boy know about changing business problems? One who brags about jumping from the cultivator the other bleating about climbing from the corner drug store to the easy, cool, luxurious profession of the law. They have leaned back in easy chairs so long, living off of fat fees for foreclosing farm mortgages and pushing bankruptcy proceedings on business that they do not know any more about the needs of the farmer and the business man than a goat knows about astronomy. Our entire government machinery has been run by this bunch of political lawyers the past decade, that is why we are in the mess we are in.

It is easy to see that we have an overproduction of these political parasites, so lets start plowing them under and place farmers and business men who know the needs of the country, in the saddle, to pull us out of the soul killing condition we are in. If you send one of these political lawyers to the Senate to represent you, what could you expect when he knows the big fat fees are only paid by the big interests and utility octopus. The Senate is only in session four months of the year. What do they do the other eight months?

The farmer and business man, after working hard to put into effect constructive laws for farming and business, goes back to his farm and business, meeting his neighbors, discussing plans to help the farm and business, thereby helping the entire state. The political lawyer

hangs out his shingle to grab the big fees for enhancing enormous profits for big interests to the detriment of the entire state.

The farmer and business man is certainly in favor of a liberal Old Age Pension because he knows when you help the needy, you get buying power, consuming farm products, also more sales for business, it helps us all.

JOHN DOLLINS is a stock farmer in McLennan County, also has a retail business in Waco. He is also representative from McLennan County elected by carrying every box in the county except three that were the homes of high hat, big interests. JOHN DOLLINS is a candidate for State Senate from your district, opposed by the two above described lawyers.

One who has been drawing a large salary from your tax money as a political job holder at Austin. Lets send him back to the cultivator to learn the present day needs of the farmer. The other has been representing big interests. Lets send him back to the corner drug store to finish learning the A. B. C.'s of business.

JOHN DOLLINS has a common sense plan that will directly benefit Milam County. In his plan, we will secure \$200,000 per year for flood control, lateral roads and preventing soil erosion which are a direct benefit to farm, business and labor.

His opponents have no plans but give a veiled promise on everything, covering nothing.

A vote for JOHN DOLLINS is a vote for the direct interests of your County and State.

WOMEN AND FARM FINANCES

"The number of women who suddenly find themselves widows and who have no idea of farm finances, is alarming. These women have drifted along through the years in the blissful knowledge that the men will see to the business and therefore when tragedies come to them they are unprepared to cope with the problems they face.

In order to avert this added family disaster, women should be in systematic, co-operative partnership with their husbands in handling the farm finances. The co-ordination of home supplies with outside purchases can be a helpful factor in safeguarding the family and the income."

These thoughts were expressed by Miss Barbra Van Heulen, investigator of the Farm Credit Association, when she spoke at the A & M College Short Course.

She further stated that although the responsibilities of women have been the same in many respects through the years, they have become so broadened and so much more prominent that they no longer can be relegated to the secondary position they have held. The fact that women are

the directors of the actual living of the family naturally place on them responsibilities vital to and inseparable from the farm financial program.

Mrs. Adolph Hanel,
Ad Hall Home Dem. Club,
Cameron, Texas, Rt. 2:

FOOD FOR THOUGHT

By Grace I. Neely

"A healthy child must have the proper food the first six months of life otherwise it would be lost" Grace I. Neely, Food Preservation Specialist of College Station told the Home Demonstration club members at the recent Short Course. To build a foundation for health requires nutritious food. Dr. Rose, authority on nutrition says 2 quarts of milk daily, 1-2 cup whole grain and 2 cups fresh

or canned tomatoes protect from diseases. Mothers be wise, lack of vitamin C, mineral found in greens and vegetables may cause pellagra. The pellagra preventing factor is highest in brewers yeast. Milk and lean meat too will prevent pellagra. Too much fat pork is not good. Meat, poultry, fruit and vegetables should be on hand or in the pantry when we need them. We should not sell all these products. They are of more value to our children than the money we get by selling them.

Miss Carol Cohen of Gonzales is spending the summer months here with her uncle, Henry Lippman.

Mrs. J. L. Clinton is spending some time in Hobbs, New Mexico, and while there visited Carlsbad Cavern.

Mrs. Locke of San Antonio is here on a visit with her daughter, Mrs. Leona Ulbricht at the Stidham House.

Mrs. E. F. Hunter and son Fenimore Hunter of San Antonio, spent the week here with her sister, Mrs. India Stidham and was accompanied home by Mr. Hunter who spent two weeks here.

Edna Mae Hampton of Houston is here on a visit with her grand mother Mrs. A. B. Kinard.

Mrs. S. A. Dunn of San Antonio arrived Saturday for a visit with her sister, Mrs. Bob McCown and was accompanied to east Texas this week for a visit with relatives and friends and will stop over in Cameron for a few days on their return home.

Mrs. Ray Lester, saleslady at the Lippman Store, is off on a two weeks vacation at her home in Maysfield.

Miss Lillie Erath of Waco was here Sunday to attend the unveiling of the Ben Milam statue.

FARM CLUB NEWS

Mrs. S. S. Hickman,
Jones Prairie Home Dem. Club,
Cameron, Texas, Rt. 2:

ARE YOU ON FRIENDLY TERMS WITH FRUITS?

"If you don't want to be cheated, get on friendly terms with your orchard," said Mr. J. F. Rosborough, Extension Horticulturist of A & M College in a talk on fruit culture. Inexpensive orchards may be secured from seeds planted, if the proper methods of care and culture are followed.

Seeds should be planted in damp sandy loam, or better still, be soaked in water over a period of ten days and planted in October so that the young sprouts will be sufficiently large for grafting in June. Healthy seeds planted in the correct soil should produce a 3 or 4 ft. tree by transplanting time, which comes in the fall.

Since each person should consume about 300 pounds of fruit per person a year, this quantity may be supplied continuously by keeping new trees growing at very little or no cost at all.

Miss Lillie Kate Beckerman has returned from Hearne where she spent a few weeks after closing her school at that place.

DOSS HARDIN Nails Campaign Rumor

There is being circulated over Milam County, a little card by some unknown party campaigning for one of my opponents in which they state that I was a signer on a petition endorsing the candidacy of Karl Crowley for Governor. This is some underhanded scheme in order to try to defeat me for office. Why doesn't the party placing the cards out, sign his name on it and tell where it came from.

I quote a letter from W. H. Granger, State Chairman, Social Security Association of Texas:

"My attention has been called to the fact that the name of Doss Hardin has been printed in certain papers of the state as a member of the committee of one hundred who endorsed the candidacy of Hon. Karl A. Crowley for governor.

"As a member of that committee, and one who was present at the meeting when the endorsement was made, I wish to say that Doss Hardin was not only not present at that meeting, but in answer to a telephone call, absolutely refused to participate in the endorsement of any candidate for any office.

"My intimate association with Mr. Hardin during this campaign enables me to know that throughout he has remained entirely neutral in this respect, and that any effort now being made by his opponents to prove him otherwise is but a piece of petty politics intended to create unjust prejudice against him, and is unworthy the consideration of right thinking people.

W. H. GRANGER, (signed)
State Chairman, Social Security Association of Texas."

There is always a bunch of last minute politics in order to try to deceive the people. I have never taken any part in a campaign of that kind and do not expect to. I am a candidate for this office on my own merits and not the demerits of my opponents.

One of my opponents has mailed a letter to some of the people drawing pensions in which he tries to lead them to believe that if any person is paid a pension other than those who are absolutely in need, we will lose the Federal aid. I quote a letter from the Director of the Colorado State Department of Public Welfare:

"Mr. Doss Hardin, Roosevelt Hotel, Waco Texas.
Dear Sir:—In answer to your letter of July 2nd which you addressed to Governor Teller Ammons, we will state that the Old Age Pension is administered in Colorado through a County Department of Public Welfare.

"The County Department take the applications of residents in their County, make the necessary investigation and establish eligibility and make the award. Under the present law, \$45 is the maximum and at the present time, we have Class A pensioners and Class B pensioners. Class A pensioners are those over 65 years of age. Class B are those between the age of 60 and 65. It was necessary to make these two classifications as the Federal Government does not participate in the payment of pensions for persons under 65 years of age. The Federal Government participates in paying of persons over 65 years of age and reimburse us for one-half of the pensions up to \$30. The average pension for this month is \$39.72. For those between the ages of 60 and 65, the average pension is \$28.72.

"We are enclosing herewith a copy of the Old Age Pension Law. If there are any further questions, do not hesitate to call on us.

Very truly yours,

Earl M. Kouns, Director."
Colorado Department of Public Welfare.

I have run a campaign without any mud slinging and do not expect to start at this late hour. I have made this campaign on my own merits, not on the demerits of my opponents. I am still standing on my platform of electing a state auditor, abolishing the Texas Liquor Control Board, take the money saved, pay it in the pension fund, cutting the General Appropriation Bill \$15,000,000, paying that into the pension fund, abolishing the present pension set-up thereby eliminating these investigators placing that in the hands of your County Judge and Commissioners' Court and exempting residential homesteads up to \$3,000 from all taxation except school tax.

Doss Hardin
Candidate for State Senator.

How CARDUI Helps Women

Cardui is a purely vegetable medicine, found by many women to ease functional pains of menstruation. It also helps to strengthen women, who have been weakened by poor nourishment, by increasing their appetite and improving their digestion. Many have reported lasting benefit from the wholesome nutritional assistance obtained by taking Cardui. If you need help like this, get Cardui at the nearest drug store, read the directions and try it.

STATEMENT BY

Henry G. Lehman

for Representative

Before I was elected last September I told the People that I would work and support the old age Pension, to give the old age citizens what they voted for. Page 233 of the acts of 2nd called session 45th Legislature: You will find that I was among 10 who introduced an amendment to liberalize the old age Pension. We passed this amendment through the House of Representatives but it was knocked out in the Senate. Page 540: I was again among 10 who instructed the conference committee from the House to liberalize the old age Pension, after the first attempt had been knocked out by the Senate. Pages 173-74-76; I worked and voted to tax the Sulphur Companies \$1.50 on a ton of Sulphur, giving to our old age Citizens \$1.00 out of the \$1.50 to pay the Pensions. Page 106: a motion was made to send the bill taxing the big companies back to the committee, under the pretense that it was to liberalize the old age Pension. From the fact of this motion, it looked good, but sending the tax bill back to the committee to liberalize the old age Pension was only a mislead. It did not have to be sent back to the committee to liberalize the old age Pension, as it was afterwards liberalized on the floor of the House and I was among the 10 who liberalized it. Sending the tax bill back to the committee was just a move in favor of the Sulphur Companies, where the bill could be killed. The Representatives of the big Interest were only using the Pension measure to kill the tax bill, because they knew that the House of Representatives were willing to liberalize the old age Pension. To prove this, The most of those who voted for the motion to send the tax bill back to the committee to liberalize the old age Pension, voted against a tax of \$1.75 on a ton of Sulphur, after they had failed to send this tax bill back to the committee. This movement showed plainly that it meant nothing for the old folks. (Page 154) (I voted for this \$1.75 tax.) The Representatives of the Big Interests tried to make those of us who were supporting the old age Pension believe that to send the tax bill back to the committee would be to help our old folks, when it was just a move to kill the tax bill in the committee room. I have given the pages of my record where these statements can be found, in order to prove to you that I have lived up to my pledge.

We the undersigned can truthfully vouch for Henry G. Lehman, as an honest straight forward young man in every respect. We have examined his record on the old age pension and find he has supported the old age Pension 100 per cent, and has never voted against it. Please give this your consideration when you go the polls Saturday, July 23rd.

Signed:

Paul Schultz, Merchant; P. H. Luecke, Druggist and Vice President Citizens State Bank; Richard W. Mayfield, Attorney; Dr. R. B. Burns, M. D.; Dr. H. G. Hertel, M. D.

Page 622-27: I voted and worked for House Bill 133 giving to the Rural Aid Transportation Fund \$1,780,000 an increase of \$807,317 in order that the children might ride the school busses to school and further their education, as the fund did not have enough money to operate the busses for a full term of school.

Page 532: I introduced a resolution that would have cut down the cost of government about \$1,600,000. It is high time to take the necessary step to cut down the cost of our State Government. Unless this step is taken, the cost of operating our State Government will continue to increase.

I favor cutting out the unnecessary Boards, Bureaus and Commissions, and I state today as I stated last September, cut out the Old Age Assistance Commission, and handle the Pension through the Commissioner's Court, just as our Old Confederate Pension has been handled.

RE-ELECT me to the Legislature and allow me a full term to prove my worth to the people in order that I might furnish a record that the people will be proud of.

PENNEY'S

J. C. PENNEY COMPANY, Incorporated

NEWS FROM
MILANO

Mrs. John Hooker and little daughter of Schrevesport, La., are here visiting in the home of her parents Mr. and Mrs. Horace White.

Miss Ruby Culp is a guest in the home of her brother Fred Brannon.

Mrs. M. Baggett returned home Friday from Dallas where she had spent two months with her children. She was accompanied home by one of her sons, Boogie Baggett and family who spent the week end here.

Edgar Miller who was visiting in Houston was called home Thursday by the serious illness of his mother, Mrs. D. Miller. He was accompanied home by his daughter, Mrs. Rufus Butts and her daughter Miss Joan.

Mr. and Mrs. Leslie Vanover of Houston spent a few days here recently with their mother Mrs. Ida Howes. They left Wednesday for San Antonio to visit Mr. Vanover's sister.

The Baptist meeting that has been in progress here the past two weeks came to a close Sunday night. Bro. Lee from Edinburg did the preaching and he brought some wonderful sermons to the Milano people.

Mrs. J. A. Williams received the sad message Thursday of the death of her grandmother, Mrs. A. J. Jackson who had passed away at the Taylor hospital Wednesday. She and Mr. Williams left immediately for Taylor. Mrs. Jackson had a number of friends here who were grieved when they learned of her death.

Mr. and Mrs. Howard Manley and daughters were Sunday guests of their mother, Mrs. Dan Robinson.

Larita Heath has returned home from Madisonville where she had been visiting relatives.

Mr. and Mrs. O. Warren and little daughter of Lexington were week end guests in the Milton Pierce home, parents of Mrs. Warren's.

Mr. McMellon of Houston is visiting in the home of his daughter, Mrs. Charlie Brannon.

Charlie Brannon has returned home from Waco where he had been visit-

ing his children.

Mr. Dan Heath was a welcome visitor in Milano Thursday. They are now making their home in Kosse where he will teach school another year.

Mrs. Long of Waco was a guest of her sister, Mrs. J. D. Peepie here last week.

Mr. and Mrs. Dudley Lee Braun of Dallas spent the week here last week with their parents, Mr. and Mrs. Lee Braun.

Several from here attended the funeral of Mrs. A. J. Jackson at Salty Friday.

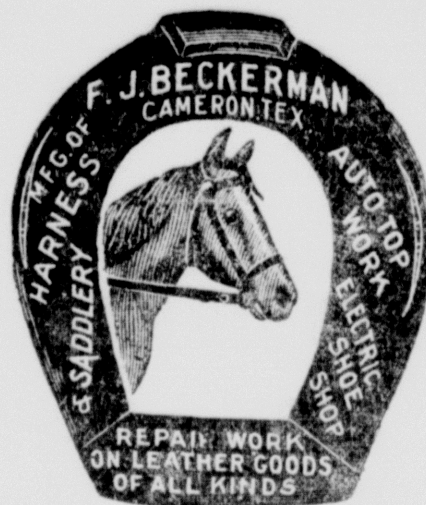

Mrs. W. R. Webb entertained the members of Milano Cemetery Association at her home in Gause Monday afternoon with a large crowd present.

Mr. and Mrs. W. E. Thomas have returned home for a pleasant visit to their old home in Arkansas, but Mr. Thomas says things did not look like they did when he left there several years ago.

Several from Milano attended the dedication of the Ben Milam statue in Cameron Sunday afternoon.

Mrs. Lizzie West has returned home from a two weeks visit in Gause.

The ladies of Milano Cemetery Association will serve dinner July 23. Proceeds will go for work on the cemetery. We want to have a large crowd present. There will be plenty of chicken.

Mr. and Mrs. Capperman and two daughters, Misses Jeanette and Jessie of Wintergarden, Fla., visited their old friend Mrs. Martha Sheppard for a few days last week, and left for a trip through Mexico before returning to their home.

Mr. and Mrs. Tom Vaughan and daughter Wanda Lee and Beryl Bigbee of Huntsville spent a few days in camp on Little River last week.

Rev. O. C. Acree left Saturday for California to attend a meeting of the International Convention of Lions, held at Oakland, Calif. Rev. Acree is prominent in the work of the Lions club here, and is Chaplain of this district, having been elected to that position at the recent convention held in Houston.

DOLLINS

For The
STATE
SENATE

Joe A. Slavik

Candidate for Representative 64th District—Milam County

What is the major problem of Texas today? Many who do not know have tried to answer. There are those who have unworkable plans; those who offer all kinds of remedies, but none have answered truly the question: What does Texas most need today? Only those who live close to the soil can adequately answer that question. The major problem in Texas today is the lack of a profitable farm income. Farming in Texas is still our basic industry. It sustains more people than any other among the number that make up our great industrial empire. During recent years we have thought too much in terms of big business and too little about those of our great people who live on the farms of Texas, produce our wealth, feed and clothe the world. What, then, should be our purpose in legislating? My answer is that no law should be passed that does not take into consideration the farmers and stock raisers of Texas.

Too often have our Houses of the Legislature lacked a representative proportion of farmers to business men and those from the professions. It is high time more farmers and those closely associated with farming be elected to the legislature. This is no criticism of any of the classes of business represented, but is said to emphasize the need for more men in the Texas Legislature who understand the needs of Texas and our Agricultural population.

I am a Farmer, was born and reared on a farm and am now living on a farm. I have lived in Milam County all my life. I feel that I know the needs of the Farmers and will by reason of my experience, sympathy and training, be able at all times to think clearly and vote right in terms of legislation to promote the interests of farms and Farmers.

My experience has also taught me that we must have a balanced program and I therefore would be a friend to our local business interests that buy the products of the farm. I am offering in my candidacy a balanced viewpoint of Texas' greatest needs, that of our small business men and the Farmers.

The people of Texas voted an Amendment to the Constitution providing Old Age Pensions. I do not feel that the law has been justly administered. Too many of our aged people have not received their share of the benefits. I stand for payment of the Old Age Pension in accordance with the vote of the people and that means we must liberalize the law so as to bring these benefits to all our aged people. When I go to the Legislature of Texas I will make Old Age Pensions one of my major aims in service. I will work, vote and fight to see that our Aged People get a square deal. They lived

under hardships, built Texas, paid Taxes and now we must not break faith with them.

As long as I can remember candidates have run on platforms of economy. Still our state tax burden increases year by year. Why should there be a mounting tax burden in Texas? There is but one answer: There has been too much talk about economy in political campaigns and too little voting for economy in the Legislature. What I propose is a simple remedy. If expenses are to be cut, we must not allow the appropriations. I pledge the people of Milam County that no appropriation bill will pass by my vote until it has been reduced to the bare needs and comes within the revenues of the state. I will vote to abolish all unnecessary governmental bureaus and tax eating agencies. I owe no obligation to any interest save the people who elect me and will therefore be free to render a service in accordance with the best traditions of Texas.

Texas must look to the farms. Texas must be kind to its Farmers. The state must have an ambitious program for farming. It is the only way we can insure prosperity and retain our heritage as a people who know and enjoy the independence of rural life. Why not elect a Farmer to the Legislature and thus recognize the 30,000 people who live in the rural districts of Milam County.

Firm in the belief that I can render you a definitely good service as your Representative, I ask for your vote and support in the Democratic Primary Election on Saturday, July 23, 1938.

Smith

(Continued from page 1)

at Arms at every session since that time. The mere fact that I have held this job is not a qualification in itself, but the fact that I took advantage of the opportunity in those three long years and learned the ropes from the ground up is a qualification.

In other words, I am accustomed to the routine procedure and so forth that is essential for one to capably represent you from the beginning as you want to be represented. I will not have to be educated to the practical application of legislation on the taxpayer's money.

We all realize that this is strictly a business proposition, and we want as never before to put the best man in office, so that we will be represented in accordance with our desires. We realize, too, that if experience counts anything, in the world, it counts in state affairs as well as the daily vocations of life. When a Doctor finishes the prescribed amount of work in the Medical school, he is not ready to go out in the world and start his practice, but first must serve his internship in some hospital, so that he may get the practical experience. A legislator, too, must have the practical experience before he can successfully represent the people of his district as they want to be represented. I have served my apprenticeship in the field of practical application of legislation. I have laid a solid foundation for this kind of work, and am now ready to build a house of sound constructive legislation, for the people of Milam County.

If elected, I shall perform the duties of this office in such a manner as to merit the esteem and confidence of all the people; believing in the theory that a public office is a public trust, a public office a servant of the people.

I shall, if elected to the Legislature, promote a soil conservation program which will be desirable to the farmers; for I believe that something must be done to preserve the soil in order that the future generations will be protected.

On the matter of old age pensions, I believe that this is the most abused law we have on our statute books today. It is the biggest political football in the history of our great state.

and something must be done, once and for all, to settle this matter in accordance with the desires of the people. I am in favor of giving to these deserving aged people that which was promised to them in the constitutional amendment, which a vast majority of the people voted for in August, 1935.

I am the friend of the rank and file. I want to see every man and woman who works for a living have steady employment and good wages for their labor.

I am not in favor of any increase in taxes, and shall do all in my power to stop the excessive burden now imposed on the people. I say that by a program of strict economy, enough money can be obtained to pay the old age pensions and reduce the public debt as well.

I am the friend of agriculture, and the friend of industry. I am the friend of the preachers and the school teachers. I want to see that the school teachers get their pay promptly on the first of every month, and I want to see higher pay for them. I want to see that the schoolbus drivers get that which was promised them, for I believe that they should have a living wage, as well as enough to keep their busses in good condition and therefore protect the lives of our children.

My friends, I give you no promises which are impossible of fulfillment. I simply say that my endeavors shall be constantly and continuously for the welfare of our communities in our needs and in our tasks. I have lived all of my life in Milam county; I have your interest at heart, and I have my heart in this line of work. My experience in the House of Rep-

resentatives has been the same as any member who has served for three years, except, that my experience has not been and will not be contaminated by the lobbyist of the special interest.

I have endeavored to see every voter in Milam county, but of course the size of the county and the short time allowed, has made this impossible. I hope every voter will consider this message a personal "call," and I assure you your vote on Saturday, July 23, will be appreciated and that I will show that appreciation by performing a fine service when elected your representative.

WALTER B. SMITH, Jr.

O'Daniel

(Continued from page 1)

the effect of turning many thousands of votes away from the attorney general who looked like a sure shot for the run off. He was victimized by bad advice and now returns to his normal speech, but no better than a third in the sensational derby.

McCraw made the political mistake of poking fun at the common people. He matched wits with the better showman and it looks like anything but a graceful tailspin down out of the sky for the "Great One."

O'Daniel, refusing to become the ordinary in politics, goes on with his Hill Billy Boys and his biscuit campaign. Flour dust has restricted visibility for his opponents. Many voters have been deceived by the tirade against O'Daniel. They have been made to believe he has no qualifications just because he refuses to be drawn into a political controversy. It's made all the political gods mad and they are thundering out against

him. Truth always serves best, though sometimes hurts deeply. O'Daniel's appeal to Texas people is something more than Hill Billy music. They have confidence in his ability and may rightly point to a career no less colorful than many that have challenged the imagination of the Texas electorate. Criticism, based on important grounds, is effective. Criticism based on futility and desperation is disaster to its perpetrators.

Coming into the stretch and eliminating the field behind the Hill Billy is Ernest Thompson whose campaign has awakened in hundreds of thousands of Texans the desire for industrial development. The railroad commissioner's campaign has been free from the ordinary. He has refrained from untruth and held steadfastly to his platform written in the light of Texas' needs. If the unusual still is a matter for future development, it is safe to count on the Sorrel Top from the plains to oppose O'Daniel in the August run off. The possibility may be slight or certain. Who can tell?

EPISCOPAL CHURCH

Sunday, July 24th, Morning Prayer and Sermon at 11 o'clock.

Misses Helen Green and Carolyn Cheeves who have been attending summer school at State University, returned home Monday and will spend the summer with their respective mother's, Mrs. C. N. Green and Mrs. S. W. Cheeves.

ELECT

Reese Turner

Representative
of
Milam County

VOTE FOR

T. B. PARKHILL

FOR

State Representative

65th DISTRICT

I stand for the following principles:
Payment of the Old Age Pension as voted by the people, and then saving and raising the money to pay it.

A strict budget plan to insure rigid economy, and am for putting the state on a "pay as you go basis."

For reducing overhead expenses of government—I am for abolishing about half of the present bureaus or departments and enforcing the remaining half.

Abolish the Old Age Assistance Commission and place the supervision of Old Age Assistance in the hands of the Commissioner's Court in each county.

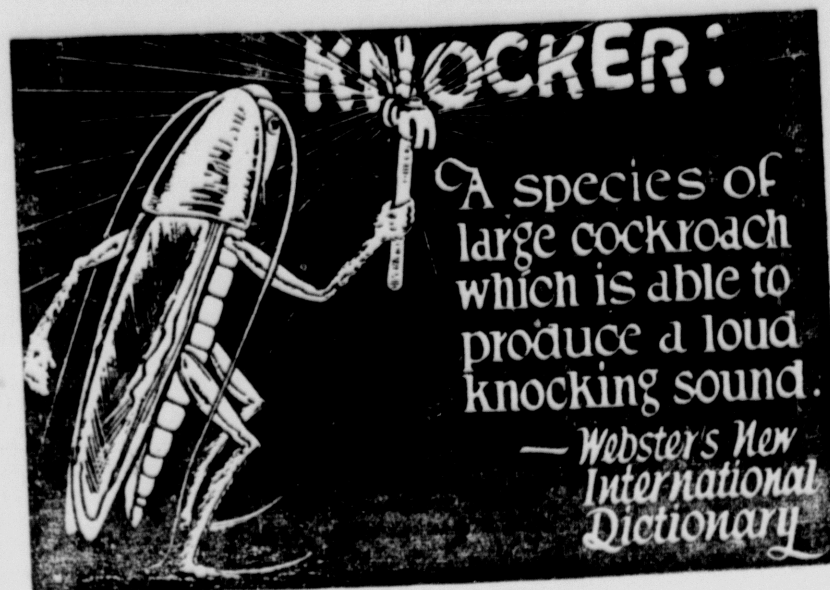

For Less Useless Legislation.

For every advancement in Education.

I wrote my Platform and when I go to Austin I will vote my Platform.

**Vote for a Man Who Has No Axe to Grind,
But Who Will Go To Austin and Fight
for the People**
